Compliment or no, here are some minor edits to the letter to the Editor/Op Ed. Also, talked w/Sheila and Marie and we discussed the possibility of having the FTP site w/the public comments live on the web at the same time we roll the data out next week. Ponder that.

On second thought, I agree with Ed and would put the questions at the end as he suggests. Remember that this is also for the benefit of the long list of people cc:ed on the Dairy Feds' letter. Since I drafted the original questions, I also am also taking this as a complement from Ed, although I am sure he did not intend it as such.

Good work Bill - some suggested edits attached. I deleted the paragraph you were having trouble with and am suggesting attaching Dennis' letter to Ted and Dan which covers the same topics. Matt should have a copy of that letter.
